

Dear Friends:

In July 2007 we held the first wrestling camp in Dodge County. Since then, we've built high school, middle school, and youth club teams. Our wrestlers are competing throughout Georgia and the United States. They are winning medals and learning incredible life-long lessons.

We are growing and providing kids in our community a safe and supportive place to wrestle with a focus on good sportsmanship, physical fitness, and mental toughness.

We sure could use your help and support! Thank You!
